W. R. Healey

DATE: March 14, 1963

The following personnel, representing the National Security Staffing and Operations Sub-committee of the Senate Committee on Government operations, visited New Delhi, October 21-27, 1962: Dr. Dorothy Fosdick (Director), Dr. Robert Tufts (Chief Consultant); Col. George B. Sloan (D/A Representative).

The purpose of the visit was, at Senator Jackson's request, to make a special study of the operations of Country Teams and to study related problems of inter-agency coordination in the field between the Departments of State and Defense, and other national security agencies.

During their stay in New Delhi, the CODEL held detailed discussions with principal members of the Country Team.

Since their visit coincided with an active period in the Sino-Indian border dispute, it is felt that the group was given a particularly useful view of the functioning of the Country Team in this Mission.
